

Amyris To Host Third Webinar In Its Virtual Investor Mini-Series

EMERYVILLE, Calif., April 1, 2021 [/PRNewswire/](#) -- Amyris, Inc. (Nasdaq: AMRS), a leading synthetic biotechnology company active in the Clean Health and Beauty markets through its consumer brands and a top supplier of sustainable and natural ingredients, today announced that it will host the third webinar in its virtual investor mini-series themed "**Delivering on the Promise of Synthetic Biology.**"

This third webinar entitled "*Science and Partnerships, Building Blocks for Disruptive, Natural, Sustainably Sourced Ingredients*" will be conducted via live webcast and teleconference on Thursday, April 22, 2021 at 1:00 pm ET (10:00 am PT), and will include a business update and end with a Q&A session.

Amyris hosted its first virtual investor mini-series webinar on December 15, 2020 discussing the power of its proprietary Lab-to-Market biotechnology platform and its second event on February 9, 2021 discussing the science behind Amyris's clean beauty consumer brands and the growth of the beauty and personal care market. Replays of both webcasts are available at <http://investors.amyris.com>.

The third webinar will focus on the **roadmap for Amyris's ingredients portfolio**, and address the following key questions:

1. How to think about the valuation of the molecules in Amyris's ingredients portfolio?
2. Why have long-term partners, like Firmenich, recently expanded the scope and duration of R&D collaboration agreements by 15 years?
3. How has Amyris expanded and accelerated its near-term product development pipeline?
4. What is the full scope of the recently closed strategic transactions? An update on the pending transaction expected to close during Q2 will be provided.
5. How is Amyris's technology and industrial production capability a competitive differentiator? This will include a review of the new Barra Bonita plant and a discussion with Amyris's Operations and Process Development leadership.

Management will be joined on the webinar by the CEO of Minerva Foods who is partnering with Amyris to lead a transition of the animal protein industry toward low carbon protein.
